IF YOU could buy \$20.00 bills for a copper cent the opportunity would
mean nothing to you if you didn't have the CENT. Having the
ready cash and the judgment to use it at the opportune time is the
safe road to wealth. But remember that it takes both the judgment
and the cash to make a winning team. Judgment without cash is
helpless. Cash without judgment is soon scattered. Start a bank ac-
count. Begin to lay aside the important thing, CASH. As you ac-
cumulate it judgment will come with it. Then when opportunity
knocks you are safe in opening the door. We invite you to open an

TO ENTER THE MINISTRY.

One Osceola Young Man an Evange-
list—Another a Preacher.
The well known Osceola young men
will this week take up special reli-
gious work, moving from their pre-
sent positions in the Osceola minis-
try.

John Butler, who has been employ-
ed in the Osceola mine for some time,
and who has been studying for the
ministry, having considerable experi-
ence as a local preacher, will go to
Big Bay near Marquette, Mich., where
he accepts an assignment in charge of
the Methodist Episcopal church of
that place. Mr. Butler's many oppor-
tunity friends wish him much suc-
cess in his new field of endeavor.

Another Osceola young man, Hor-
ace Davis, will leave the latter part
of the week for Roseville, where he
will engage in special evangelistic work
for the Lake Superior district of the De-
troit Methodist Episcopal conference.
He will be accompanied in Roseville
by District Superintendent Martin of
Hancock, who will assist him in getting
started.

FRANCE AFTER HONORS.

Will Dispute With America Right to
Davis Cup.

New York, Feb. 23.—Not only will a
French tennis team compete for the
Davis cup but there is a possibility
that it may be won simply as a
result of a French player's victory in
the French open tennis tournament.
The French player, who has been com-
peting in the French open tennis tour-
nament, has been playing so well that
the French tennis federation has de-
cided to enter him in the Davis cup
tournament.

The game is being played in France,
where it is played entirely on hard-
wood courts. The French tennis fed-
eration has decided to enter him in
the Davis cup tournament.

In each of these the French is staid
green while the American is a bright
yellow. The French tennis fed-
eration has decided to enter him in
the Davis cup tournament.

new record.

ITALY ENJOYING SPLENDOR ERA

Consular Agent Castiglione Talks
of His Native Land

Milano Castiglione of Duluth, Ital-
ian consular agent for Minnesota and
northern Michigan, who is here on of-
ficial business today made public re-
ports he has just received from the
Italian government, giving in a con-
densed form a statement of the finan-
cial condition of that country which
undoubtedly will be of interest to his
countrymen here.

During the last fiscal year the ex-
cess of receipts over expenditures was
\$26,000,000, this amount being ap-
portioned for national improvement work
this year, such as waterworks and
roads. Notwithstanding the fact Italy
engaged in a war in Tripoli and is
even now encountering guerilla warfare
in that section and that the country
had to keep in readiness for any
emergency the Italian war might
bring Italy carried this burden with-
out borrowing a single cent from for-
eign countries and during the same
period Italian bankers were able to
take over \$150,000,000 in government
bonds previously held in foreign coun-
tries.

Italy's commerce is shown by the
statement there were 164,000 arrivals
and departures of seamen reported to
the government and the number of
men employed in marine work in-
creased 100,000.

Savings bank deposits amounted to
\$4,500,000,000 on June 3, an increase
of \$25,000,000 during the six months
preceding.

The value of imports and exports
during the first eleven months of the
year was \$1,000,000,000, an increase of
\$100,000,000 for exports and decrease
of \$50,000,000 for imports, the total of
the former being \$450,000,000 and the
latter \$350,000,000. During the last
ten years, since Italy has come into
contact with other manufacturing
countries, there has been a continual
increase of exports and decrease of
imports, indicating that the time is
not far distant when the balance of
trade will be in Italy's favor.

In 1905, the government took over
practically all of the railroads of the
country, now controlling about 9,400
miles of road. Up to the end of the
last fiscal year, \$400,000,000 had been
expended on equipment, and the in-
creased revenue has been continuous,
enabling the government to pay off
its debt.

Another new departure is the life
insurance branch of the government,
controlling practically all of the life in-
surance business. By the elimination
of competition and direction of busi-
ness by government officials, a large
part of the administration expense has
been eliminated, enabling the govern-
ment to reduce premiums and at the
same time make a handsome profit.

Part of which is used to defray the
expenses of the old age pensions sys-
tem. Up to Sept. 3, 1913, there were
21,751 requests for new policies, ac-
quiring a liability of \$4,000,000.

Improved sanitary conditions are
indicated by the fact that the Red
Cross society in 1913 cared for 1,243
cases of malaria fever and in 1910
only 187 cases.

Mr. Castiglione also states that Ital-
ian colonial development continues
rapidly and is very gratifying to the
government as well as to Italian ex-
patriates.

HOCKEY GAME TO START LATE.

Allowance is Made for Caucuses in Red
Jacket and Laurium.

Because of the caucuses to be held
in Red Jacket and Laurium Thursday
evening, it has been decided that the
hockey game scheduled for that even-
ing at the Colosseum, between the
Calumet and Portage Lake teams, will
not begin until 9 o'clock, one half
hour later than usual. As the caucuses
will start at 8 o'clock and there are
only a few contests expected, hockey
fans will have plenty of time to reach
the rink after the close of the cau-
cuses.

There will be a special train over the
Mineral Range road from Houghton to
Calumet for the convenience of Portage
Lake fans who desire to attend this
contest. The train will be brought in
over the spur of C. & H. track, stop-
ping right beside the Colosseum and
will be held there until after the game.

There will also be a special Mineral
Range train from Calumet to Houghton
next Monday evening to convey
Calumet fans to the Amphidrome to
witness the game scheduled between
the Calumet and Houghton teams. It is
announced this train, instead of de-
parting from the Calumet Mineral
Range station, will depart from the
vicinity of the Colosseum, which also
will be a convenience for Calumet
fans.

MASQUERADE WEDNESDAY.

Splendid Assortment of Costumes are
on Display at Colosseum.

A representative of the Milwaukee
Carnival Costuming company arrived in
Calumet today with a splendid as-
sortment of fancy and comic costumes
which will be offered for rental for the
masquerade skating party to be given
in the Colosseum Wednesday evening.
The costumes are being displayed in
the dance hall of the rink and are at-
tracting favorable comment. Many of
the costumes have already been en-
gaged.

The masquerade party, which prom-
ises to prove one of the most enjoy-
able events of the season, is given un-
der the auspices of the Calumet Hock-
ey association which was formed early
in the season to back the team.
Prizes have been hung up which will
be well worth striving for. Many novel
costumes have been prepared locally.

The demand for tickets for this party
indicates that the largest crowd of
the season may be expected. Seats
will be reserved without extra charge
for those who do not care to skate.
The C. & H. band will furnish music.
